The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Humans have the capacity to detect and experience a wide spectrum of emotions in everyday life. However, the ability to identify and interpret those emotions is not a skill commonly held by all individuals, despite the significance of this skill. Promoting Trait Emotional Intelligence in Leadership and Education provides the latest information on enabling educators and leaders across industries to monitor the emotions of others as well as their own in order to interact effectively with others. Focusing on best practices and methods for training those in education and leadership positions, this publication is essential to the research needs of education administrators, professors, managers, and professionals in various disciplines.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).
