Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. As an increasingly polarized America fights over the legacy of racism, Susan Neiman, author of the contemporary philosophical classic *Evil in Modern Thought*, asks what we can learn from the Germans about confronting the evils of the past In the wake of white nationalist attacks, the ongoing debate over reparations, and the controversy surrounding Confederate monuments and the contested memories they evoke, Susan Neiman 's *Learning from the Germans* delivers an urgently needed perspective on how a country can come to terms with its historical wrongdoings. Neiman is a white woman who came of age in the civil rights – era South and a Jewish woman who has spent much of her adult life in Berlin. Working from this unique perspective, she combines philosophical reflection, personal stories, and interviews with both Americans and Germans who are grappling with the evils of their own national histories. Through discussions with Germans, including Jan Philipp Reemtsma, who created the breakthrough *Crimes of the Wehrmacht* exhibit, and Friedrich Schorlemmer, the East German dissident preacher, Neiman tells the story of the long and difficult path Germans faced in their effort to atone for the crimes of the Holocaust. In the United States, she interviews James Meredith about his battle for equality in Mississippi and Bryan Stevenson about his monument to the victims of lynching, as well as

lesser-known social justice activists in the South, to provide a compelling picture of the work contemporary Americans are doing to confront our violent history. In clear and gripping prose, Neiman urges us to consider the nuanced forms that evil can assume, so that we can recognize and avoid them in the future.

Examining at a wide range of issues such as violence, poverty, feminism, racism, and privatization of healthcare, the contributors to this collection use a variety of analytical approaches to posit that the social, economic, and political issues confronting Canadians are shaped by social inequity. At the same time, these essays show how these inequalities are being successfully resisted individually and collectively. This fourth edition adds chapters on youth politics, higher education, technology and work, and immigration.

The New York Times bestselling author of *Writing My Wrongs* invites men everywhere on a journey of honesty and healing through this book of moving letters to his sons—one whom he is raising and the other whose childhood took place during Senghor's nineteen-year incarceration. “ A visceral and visual journey for the ages . . . the perfect road map for us to remove the barriers and obstacles against our true feelings. ” —Kenya Barris, creator of black-ish Shaka Senghor has lived the life of two fathers. With his first son, Jay, born shortly after Senghor was incarcerated for second-degree murder, he experienced the regret of his own mistakes and the disconnection caused by a society that sees Black lives as disposable. With his second, Sekou, born after Senghor's release, he has experienced healing, transformation, intimacy, and the possibilities of a world where men and boys can openly show one another affection, support, and love. In this collection of beautifully written letters to Jay and Sekou, Senghor traces his

journey as a Black man in America and unpacks the toxic and misguided messages about masculinity, mental health, love, and success that boys learn from an early age. He issues a passionate call to all fathers and sons—fathers who don't know how to show their sons love, sons who are navigating a fatherless world, boys who have been forced to grow up before their time—to cultivate positive relationships with other men, seek healing, tend to mental health, grow from pain, and rewrite the story that has been told about them. *Letters to the Sons of Society* is a soulful examination of the bond between father and sons, and a touchstone for anyone seeking a kinder, more just world.

In *Healing Night*, sleep and dream expert Rubin Naiman explores sleeping, dreaming, and awakening, going far beyond the science of sleep medicine to reflect on what he believes is the profoundly spiritual nature of night consciousness. Naiman reveals how the erosion of night by artificial light and the devaluation of sleep and dreaming have led to an epidemic of sleep disorders and consequent days of chronically dazed waking consciousness. Drawing on both clinical experience and personal explorations, Naiman offers a fresh look at sleep and dreams, and provides alternative healing practices for sleep disturbances. Moreover, he challenges us to acknowledge our spiritual night blindness and embrace the sacredness of night. This edition was revised in 2009.
