Principles of Contract Law, 5th Edition remains Australia's premier text for students of contract law. The new edition has been significantly revised in light of recent developments. Paterson, Robertson & Duke at University of Melbourne.

This new edition of European Contract Law examines the contract rules of several different European jurisdictions, including the most important civilian systems and English common law, while attempting to articulate general principles which are common in all of them. While the first edition was limited to a comparative analysis of the rules on formation and validity of contracts, agency, third party beneficiaries,

and assignment, the second edition now also includes contractual remedies and various updates and revisions of the first edition, especially in the light of the recent changes to the French Code civil. Furthermore, the book comprises a wealth of translated extracts of legislation, cases, and academic literature, comprehensively covering all aspects of contract law. The book was originally published in German to considerable acclaim. This English edition has been translated by Gill Mertens, building on the work done by the translator of the first edition, Tony Weir. This edition will be invaluable to scholars and practitioners in Europe and beyond.
