High school sophomore Princess Mia records in her diary her struggles with geometry, the expectations of being a college student's girlfriend, running for president of the student council, and a potential ecological disaster in her native land, Genovia. Reprint.

The one and only Mia Thermopolis is back and ready to reign! Celebrate the 20th anniversary of Meg Cabot's blockbuster series in royal style—with all-new middle grade editions of the first three books! Mia Thermopolis is pretty sure there's nothing worse than being a five-foot-nine, flat-chested freshman, who also happens to be flunking Algebra. Is she ever in for a surprise. First Mom announces that she's dating Mia's Algebra teacher. Then Dad has to go and reveal that he is the crown prince of Genovia. And guess who still doesn't have a date for the Cultural Diversity Dance? The Princess Diaries is the first book in the beloved, bestselling series that inspired the feature film starring Anne Hathaway and Julie Andrews.

Mia would give all the jewels in Genovia for the perfect present Every year, Princess Mia spends the holidays in Genovia with Grandmère. This year, she's looking forward to the most perfect Christmas ever: her boyfriend, Michael, and her best friend, Lilly, are coming to Genovia, too. But even a princess's plans can go awry. Lilly has a lot to learn about palace protocol, and with all the state holiday functions Mia must attend, there's no time to linger under the mistletoe with Michael. Worst of all, Mia hasn't been able to find him the perfect gift. Can Mia stop her (bah-hum)bugging long enough to see that the perfect present has nothing to do with international express courier -- and everything to do with real love? (Though some shiny silver ribbon never hurts ...)

Princess Mia Thermopolis is introduced to her Genovian subjects, and more importantly, she goes out on a date with the newly appointed Royal Consort Michael Moscovitz. Reprint.

Princess Mia presents a guide to the winter holidays, including the story behind some traditions, gift suggestions, make-up and fashion tips for seasonal parties, recipes, and craft ideas.

Princess Mia puts together a musical money-making scheme to save her student government, which could serve as preparation for one day balancing the budget of her small country. Reprint.

Having recently discovered she is the sole heir to the throne of a tiny European principality, fourteen-year-old Manhattan resident Mia writes in her journal about her attempts to cope with this news, as well as with more typical teenage concerns.

A brand-new 48-page Princess Diaries story continues the adventures of Mia Thermopolous as she learns the ropes as Princess of Genovia.

Download Ebook Princess In Pink The Diaries 5 Meg Cabot

A Princess on her own . . . Mia has been invited to speak at a gala for Domina Rei, an elite society of powerful businesswomen. But what could she possibly have to say? Michael has broken up with her, her bff Lilly won't speak to her, and her parents are forcing her to see a therapist. Even J.P.'s efforts to cheer Mia up (he's being really sweet!) aren't helping. Just when things couldn't get worse, Mia discovers a long-forgotten diary of a teenage princess of Genovia. It could be just the inspiration Mia needs to write her speech—but what it reveals might change everything.
