of the Sundering rages around her, young warlock Farideh faces a more personal turmoil wrought by a deal she made with a devil years ago. Hoping to protect her twin sister, she leaves everything she holds dear to assist a wizard in a scheme that pits the devils of the Nine Hells against the gods above. But when Farideh casts the spell to enter the wizard's remote mountaintop fortress, she picks up a stowaway—a Harper agent named Dahl who isn't so inclined to follow devilish demands. Dahl attempts to escape only to run into a village of odd people, lurking behind an impenetrable wall. Forced to gaze into the villagers' souls, Farideh points out the ones who seem different, only to watch as the wizard's guard carts them off to fates unknown. Are these villagers or prisoners? Are they blessed or doomed by the gods? As the wizard's guessing game proves more and more diabolical, Farideh resolves to unravel his secrets—even if it means she'll lose her own soul to the Nine Hells. From the Hardcover edition.

New in this edition is a 20 page section on the use of ICT resources in teaching and learning about statistics. The book also includes over 300 worked examples and advice on how to break down calculations into easy stages.

As large business houses enter the retail space, Kishore Biyani is not just concentrating on retail but aiming to capture the entire Indian consumption space. From building shopping malls, developing consumer brands to selling insurance, he is getting into every business where a customer spends her money.
