Tigers, Too, was written by individuals with decades of work in education, school psychology, and neuropsychology. They have experienced these problems from a professional as well as personal point of view, having children with neurological disorders. This handbook, which is designed so that teachers, parents, and healthcare professionals struggling with the everyday frustrations of working with students with ADHD, TS, and/or OCD, will find these strategies create greater success. This comprehensive, authoritative reference book contains brief chapters on the definitions of and research pertaining to the disorders and their associated problems. It is replete with practical suggestions and strategies which enhance academic success and manage problems with executive functions, working memory, processing speed, organization, problem solving, time management, conflict resolution, socialization, homework, and testing.

Julius Evola ' s final major work, which examines the prototype of the human being who can give absolute meaning to his or her life in a world of dissolution • Presents a powerful criticism of the idols, structures, theories, and illusions of our modern age • Reveals how to transform destructive processes into inner liberation The organizations and institutions that, in a traditional civilization and society, would have allowed an individual to realize himself completely, to defend the principal values he recognizes as his own, and to structure his life in a clear and unambiguous way, no longer exist in the contemporary world. Everything that has come to predominate in the modern world is the direct antithesis of the world of Tradition, in which a society is ruled by principles that transcend the merely human and transitory. Ride the Tiger presents an implacable criticism of the idols, structures, theories, and illusions of our dissolute age examined in the light of the inner teachings of indestructible Tradition. Evola identifies the type of human capable of “ riding the tiger, ” who may transform destructive processes into inner liberation. He offers hope for those who wish to reembrace Traditionalism.

At Michaela Community School, teachers think differently, overturning many of the ideas that have become orthodoxy in education. Here, 20 Michaela teachers explore controversial ideas that improve the lives of pupils from disadvantaged backgrounds. Michaela is blazing a trail, defying many of the received notions about what works best in schools.

This second edition of the Handbook of Urban Education offers a fresh, fluid, and diverse range of perspectives from which the authors describe, analyze, and offer recommendations for urban education in the US. Each of the seven sections includes an introduction, providing an overview and contextualization of the contents. In addition, there are discussion questions at the conclusion of many of the 31 chapters. The seven sections in this edition of the Handbook include: (1) Multidisciplinary Perspectives (e.g., economics, health sciences, sociology, and human development); (2) Policy and Leadership; (3) Teacher Education and Teaching; (4) Curriculum, Language, and Literacy; (5) STEM; (6) Parents, Families, and Communities; and (7) School Closures, Gentrification, and Youth Voice and Innovations. Chapters are written by leaders in the field of urban education, and there are 27 new authors in this edition of the Handbook. The book covers a wide and deep range of the landscape of urban education. It is a powerful and accessible introduction to the field of urban education for researchers, theorists, policymakers and practitioners as well as a critical call for the future of the field for those more seasoned in the field.

The heart of this book deals with mental health conditions and learning disorders that are likely to be present in today's classrooms, including anxiety and mood disorders, communication disorders, learning disabilities, and social/relational disorders. In addition, the book discusses the role of the school in addressing mental health and learning disorders, helps you plan for assessing students' needs, and outlines effective classroom policies and procedures. Educators will find helpful tips for teaching strategies that meet diverse student needs, build important social and emotional skills, and establish a safe and caring classroom. Who will benefit from using this book? regular classroom teachers school counselors and psychologists classroom aides special education teachers school administrators parents childcare providers

Written for professionals, parents, or newly diagnosed adults who struggle with PDD, this book is considered the definitive resource on this neurological condition. Waltz offers necessary, comprehensive information on the entire spectrum, from ADD to ADHD to autism.

"Beyond the Tiger Mom is a brilliant book—hard-hitting and brutally honest but also balanced, insightful, and funny." —Amy Chua, author of *Battle Hymn of the Tiger Mom* Dispel the hype and myths about Asian parenting and uncover the practical with this effective parenting guide. Help your child achieve maximum academic potential Train your child to expand his or her attention span Find the right balance between work and play Help your child see failure as a learning experience Learn how to raise tech-healthy kids How do Asian parents prime their children for success from a young age? Why do Asian kids do so well in math and science? What is the difference between an Asian upbringing and a Western one? Why do some Asian mothers see themselves as "tiger moms" while others shun the label? How do Asian parents deal with their children's failures? Is it sometimes good for children to fail? These are just a few of the compelling questions posed and answered in this fascinating new parenting book by educator Maya Thiagarajan as she examines the stereotypes and goes beneath the surface to explore what really happens in Asian households. How do Asian parents think about childhood, family and education—and what can Western parents learn from them? Through interviews with hundreds of Asian parents and kids, Thiagarajan offers a detailed look at their values, hopes, fears and parenting styles. Woven into this narrative are her own reflections on teaching and parenting in Asia and the West. Thiagarajan synthesizes an extensive body of research to provide accessible and practical guidelines for parents. Each chapter ends with a "How To" section of specific tips for Asian and Western parents to aid their child's educational development both inside and outside the classroom.

A classic tale by Newbery Medalist Kate DiCamillo, America's beloved storyteller. One summer 's day, ten-year-old India Opal Buloni goes down to the local supermarket for some groceries – and comes home with a dog. But Winn-Dixie is no ordinary dog. It 's because of Winn-Dixie that Opal begins to make friends. And it 's because of Winn-Dixie that she finally dares to ask her father about her mother, who left when Opal was three. In fact, as Opal admits, just about everything that happens that summer is because of Winn-Dixie. Featuring a new cover illustration by E. B. Lewis and an excerpt of Kate DiCamillo's newest novel, *Raymie Nightingale*.

A lot of people wonder how Chinese parents raise such stereotypically successful kids. They wonder what Chinese parents do to produce so many math whizzes and music prodigies, what it's like inside the family, and whether they could do it too. Well, I can tell them, because I've done it... Amy Chua's daughters, Sophia and Louisa (Lulu) were polite, interesting and helpful, they had perfect school marks and exceptional musical abilities. The Chinese-parenting model certainly seemed to produce results. But what happens when you do not tolerate disobedience and are confronted by a screaming child who would sooner freeze outside in the cold than be forced to play the piano? *Battle Hymn of the Tiger Mother* is a story about a mother, two daughters, and two dogs. It was supposed to be a story of how Chinese parents are better at raising kids than Western ones. But instead, it's about a bitter clash of cultures, a fleeting taste of glory, and how you can be humbled by a thirteen-year-old. Witty, entertaining and provocative, this is a unique and important book that will transform your perspective of parenting forever.
