Harlan's a popular kid and Manny's a geek. But something strange is happening to both of them. Harlan is slowly losing his grip because he's plagued by panic attacks he can't control. And Manny has started having nerve-racking nightmares that leave him exhausted and terrified. In this complex and original novel, popular author Brent Hartinger takes us on an intense psychological journey as Harlan and Manny struggle with a fear they can't name. It's a journey that eventually leads downtown, where a secret lies at the intersection of Grand and Humble.

One of the craziest Hollywood stories I've ever heard, and maybe someone will want to turn that into a movie!" Otto Digmore is back, still trying to make it as an actor in Hollywood (despite his facial scars), but frustrated by all the schemers who'll stab you in the back to get ahead. But then Otto's good friend Russel Middlebrook sells a screenplay, a heist movie set in the Middle Ages -- and Otto has been cast in an important supporting role! For twelve weeks, Otto and Russel will be on location together in England and Malta. Problem is, once production is underway, it quickly becomes clear that the director is ruining Russel's script. If the movie ends up being the bomb that both Otto and Russel expect it to be, it could destroy both their Hollywood careers forever. But Otto and Russel aren't willing to take that chance. Together, they hatch a crazy plan to make a good movie behind the director's back. But how far are they willing to go to save their careers? Are they willing to become exactly the kind of scheming backstabbers they always said they hated? And what happens if the two of them disagree? The Otto Digmore Decision is partly a caper story, partly a humorous Hollywood satire. It's also an inside look at the struggles of anyone "different," and it's even something of a love story, except it's one between two friends. More than anything, The Otto Digmore Decision proves the old adage about creative pursuits: the most interesting drama always happens behind the scenes! "Hits the narrative sweet spot." -- NPR's All Things Considered "Downright refreshing." -- USA Today "Touching and realistic...hilarious." -- Kirkus Reviews

A modern classic about a group of teens discovering sexuality and identity, perfect for fans of Becky Albertalli, Adam Silvera, and David Levithan. Brent Hartinger's debut novel is a fast-paced, funny, and trenchant portrait of contemporary teenagers who may not learn any actual geography, but who

Learn plenty about the treacherous social terrain of high school and the even more dangerous landscape of the human heart. Russel Middlebrook is convinced he's the only gay kid at Goodkind High School. Then his online gay chat buddy turns out to be none other than Kevin, the popular but closeted star of the school's baseball team. Soon Russel meets other gay students, too. There's his best friend Min, who reveals that she is bisexual, and her soccer-playing girlfriend Terese. Then there's Terese's politically active friend, Ike. But how can a group like this get together at school without drawing attention to themselves? "We just choose a club that's so boring, nobody in their right mind would ever in a million years join it. We could call it Geography Club!"

With her parents fighting all the time, eleven-year-old Julie has nightmares every night, until she wakes up inside the studio where her dreams are produced, and she must find the person responsible before she is trapped inside her dreams forever.

Two books in one tell of sixteen-year-old friends Russel, who is gay, and Min, who is bisexual, as they face separate romantic troubles while working as extras on the set of a horror movie.

Book 1 in The Otto Digmore Series "Road trip!" Otto Digmore is a 26-year-old gay guy with dreams of being a successful actor, and he's finally getting some attention as a result of his supporting role on a struggling sitcom. But he's also a burn survivor with scars on half his face, and all indications are that he's just too different to ever find real Hollywood success. Now he's up for an amazing new role that could change everything. Problem is, he and his best friend Russel

Download Ebook The Otto Digmore Difference Volume 1 The Otto Digmore

Middlebrook have to drive all the way across the country in order to get to the audition on time. It's hard to say which is worse: the fact that so many things go wrong, or that Russel, an aspiring screenwriter, keeps comparing their experiences to some kind of road trip movie. There's also the fact that Otto and Russel were once boyfriends, and Otto is starting to realize that he might still have romantic feelings for his best friend. Just how far will Otto go to get the role, and maybe the guy, of his dreams? Author Brent Hartinger first introduced the character of Otto Digmore in 2005, in his Lambda Award-winning books about Russel Middlebrook. Back then, Otto was something pretty unusual for YA literature: a disabled gay character. Now, more than a decade later, Otto is grown up and finally stepping into the spotlight on his own. The Otto Digmore Difference, the first book in a new stand-alone series for adults, is about much more than the challenges of being "different." It's also about the unexpected nature of all of life's journeys, and the heavy price that must be paid for Hollywood fame. But more than anything, it's a different kind of love story, about the frustrating and fantastic power of the love between two friends.

Otto lives in a book and is happiest when his story is being read. But Otto has a secret: when no one is looking and the mood strikes, Otto walks right off of his book's pages! Full color.

In this "bracingly iconoclastic" book (New York Times Book Review), a renowned economics scholar breaks down the fight to end global poverty and the rights that poor individuals have had taken away for generations. In *The Tyranny of Experts*, renowned economist William Easterly examines our failing efforts to fight global poverty, and argues that the "expert approved" top-down approach to development has

Download Ebook The Otto Digmore Difference Volume 1 The Otto Digmore

not only made little lasting progress, but has proven a convenient rationale for decades of human rights violations perpetrated by colonialists, postcolonial dictators, and US and UK foreign policymakers seeking autocratic allies. Demonstrating how our traditional antipoverty tactics have both trampled the freedom of the world's poor and suppressed a vital debate about alternative approaches to solving poverty, Easterly presents a devastating critique of the blighted record of authoritarian development. In this masterful work, Easterly reveals the fundamental errors inherent in our traditional approach and offers new principles for Western agencies and developing countries alike: principles that, because they are predicated on respect for the rights of poor people, have the power to end global poverty once and for all.

When friends Rob, Liam, Mia, and Galen gather for a weekend of fun deep in the forest, one is hiding a lie and not everyone will live to find out which one it is.

This open access short reader provides a state of the art overview of the discrimination research field, with particular focus on discrimination against immigrants and their descendants. It covers the ways in which discrimination is defined and conceptualized, how it is measured, how it may be theorized and explained, and how it might be combated by legal and policy means. The book also presents empirical results from studies of discrimination across the world to show the magnitude of the problem and the difficulties of comparison across national borders. The concluding chapter engages in a critical discussion of the relationship between discrimination and integration as well as pointing out promising directions for future studies. As such this short reader is a valuable read to undergraduate students, as well

Download Ebook The Otto Digmore Difference Volume 1 The Otto Digmore

as graduate students, scholars, policy makers and the general public.
